

YELLOWSTONE FOR FAMILIES: MAMMOTH – GRANT VILLAGE

Package Itinerary & Details

Summer 2019

Yellowstone for Families is a Lodging & Learning package designed for families with children (ages 8-12) who want to enjoy a truly memorable experience in Yellowstone. The package is offered by Yellowstone National Park Lodges, covering lodging arrangements and meals, with Yellowstone Forever providing educational programming. Your naturalist guide will handle all the logistics while ensuring everyone gets to see Yellowstone's most popular features. This family learning adventure connects both children and adults to the Yellowstone experience through activities and games that integrate scientific observation, photography, art, and more.

Each day you will venture out with a Yellowstone Forever naturalist guide to learn about and explore a particular region of the park. We'll incorporate short, scenic hikes throughout the program. During the program, parents will help their children complete the requirements of the National Park Service's Junior Ranger patch, and the week will end with the ceremonial presentation of Junior Ranger patches by a National Park Service ranger.

Lodging is based at Yellowstone National Park Lodges' locations in Mammoth Hot Springs and Grant Village.

Program Highlights

- Wildlife watching in Lamar Valley and along Yellowstone's northern range
- Outings exploring geyser basins in Old Faithful and along the Firehole River
- The day spent hiking and sightseeing along the Grand Canyon of the Yellowstone
- Exciting art, photography, and science activities for children and adults
- Age-appropriate, facilitated discussions about Yellowstone's geology, ecology, natural history, current research, and management issues
- Use of a digital camera for the week for your child to document their experiences
- Junior Ranger activities and ceremony

Why Choose a Lodging & Learning Package?

Our Lodging & Learning packages are offered by Yellowstone National Park Lodges (third-party), covering lodging arrangements and meals, while Yellowstone Forever provides in-depth educational tours and programming led by Institute naturalist guides. Here's how this package stands out:

YELLOWSTONE FOREVER

- ***Yellowstone Forever is Yellowstone National Park's official nonprofit education and fundraising partner.*** Our mission is to partner with Yellowstone National Park to create opportunities for all people to experience, enhance, and preserve Yellowstone forever. Yellowstone Forever funds priority projects that preserve and enhance Yellowstone National Park for future generations. To learn more about Yellowstone Forever, [visit our website](#).
- ***Our naturalist guides are world class.*** The Yellowstone Forever Institute has been providing in-depth educational programs in Yellowstone for over 40 years. Our naturalist guides are among the best expert field educators in Yellowstone. They're professionals with academic credentials who are dedicating their careers to this vital work. They live in the Yellowstone ecosystem, they work alongside park researchers, and thus can provide accurate and exciting "behind the scenes" perspectives on the park's history, management, geology, flora, and fauna. They know where to go and when, and they'll handle all of the details to make your experience is as enjoyable as possible.

The same naturalist guide will lead this program from the evening orientation on the first day to the final farewells on the last day. They'll go out of their way to get to know you throughout the program, and make sure your needs are met. They'll build upon what you've learned each day, so you can better understand the fascinating story behind everything you see and experience.

- ***Small group size.*** This program has a max capacity of 13 participants. You'll enjoy camaraderie with fellow participants and receive a lot more attention in this small group package. It allows your naturalist guide to take an inquiry-based approach to learning, tailoring the experience to your specific interests.
- ***We provide the essential equipment.*** Your naturalist guide will provide high-quality spotting scopes and binoculars to bring distant wildlife into crisp, clear view, and even adaptors so you can take pictures through these scopes on your smart phone! Our guides are Wilderness First Aid or Wilderness First Responder certified. They carry a first aid kit and handheld radio during all hikes, and provide bear spray if hiking in bear country. They will incorporate teaching aids such as skulls, tracks, pelts, books, i-pads with videos, and test equipment such as temperature guns for thermal features.
- ***In-park lodging.*** All lodging in this package is located in the park. This minimizes drive time during daily outings with Yellowstone Forever, and allows more time to enjoy the park's features at a relaxing pace.
- ***Children's activities:*** This program includes art and photography activities, and your naturalist guide will provide all of the necessary supplies. We also provide Junior Ranger booklets for all participants to complete to earn their badges.

Program Itinerary

The itinerary is designed to take advantage of the best opportunities in the park, but may be adjusted to adapt to weather conditions, wildlife activity, holidays, and road construction.

Day 1

Welcome and Orientation

After checking in, you'll meet your naturalist guide for an orientation. The guide will go over the program itinerary, discuss clothing and equipment needed for daily outings, and answer any questions you may have about your upcoming adventure. The guide will also introduce the Junior Ranger Program and hand out digital cameras for photo activities.

- 4:30 p.m. Mammoth Hot Springs check-in begins
Ask the hotel front desk staff for directions to the orientation room
Dinner on your own
- 7 p.m. Orientation in Mammoth Hot Springs
Overnight at Mammoth Hot Springs

Day 2

Wildlife Watching in Lamar Valley

Today we will travel through Lamar Valley in search of “charismatic megafauna.” Stops will vary based on where the most likely wildlife sightings are to be found. In the afternoon your naturalist guide will lead you on a hike in search of animal tracks and sign. Games and activities to make the park come alive for children will be worked in throughout the day. Prepare to learn a lot of really amazing things about Yellowstone’s wildlife!

- 7 a.m. Depart Mammoth Hot Springs Hotel
Hot beverages (coffee, tea and hot cocoa) and box breakfast in the field
Wildlife watching in the Lamar Valley and along the Northern Range
Deli lunch in the field
Afternoon hike to explore wildlife habitat
- 3 p.m. Return to Mammoth Hot Springs for free time
Dinner on your own
Overnight at Mammoth Hot Springs

Day 3

Old Faithful Geysers and Hot Springs

Today we will check out of the Mammoth Hot Springs Cabins to head to Grant Village via Old Faithful. We'll explore a myriad of captivating thermal features in the Old Faithful area and beyond. Your naturalist guide will introduce you to the exciting geology of the Yellowstone volcano and underground magma chamber. You'll learn how geysers, hot springs, mud pots, and fumaroles are formed. We'll delve into the science behind the vivid colors surrounding the hot springs and the microscopic life found in them by testing the waters with our infrared temperature guns and conducting pH tests. In the afternoon, check in to your quiet lodging on the shores of Yellowstone Lake.

General Equipment and Clothing List

Much of your time will be spent outdoors, and you should be prepared for a variety of mountain weather conditions and temperatures. Appropriate clothing, equipment, and footwear are very important. Spring, summer, and fall temperatures can range from below freezing in the mornings to 85 degrees Fahrenheit in the afternoons. The layered use of garments for protection against the wind, sun, and temperature extremes should guide your clothing choices.

Equipment:

Your naturalist guide will be carrying a first aid kit, bear spray, and emergency communication device.

- ☐ **Daypack**, with enough capacity to carry extra clothes, water, lunch, camera, binoculars, etc.
- ☐ **Water bottle**. You will receive a 32 oz. Nalgene Tritan wide mouth quart water bottle as a gift during the program orientation. You should always keep a minimum of one quart of water on hand at all times to facilitate proper hydration.
- ☐ **Sunglasses**
- ☐ **Sunscreen/lip protector**. Sun at high altitude can burn unprotected skin quickly.
- ☐ **Camera, binoculars**.

Summer clothing:

- ☐ **Insulating underwear**, capilene, polypropylene, wool, or similar wicking fabric.
- ☐ **Mid-weight insulating layer**, a light synthetic fleece or wool shirt/pullover
- ☐ **Heavyweight insulating layer**, wool, down, or heavy-weight fleece jacket
- ☐ **Waterproof and windproof outer layer**, lightweight and breathable, jackets and pants
- ☐ **Short-sleeve shirt**, cotton is okay in summer, but synthetic wicking shirts are ideal.
- ☐ **Pants**, synthetic hiking pants. Jeans are not recommended.
- ☐ **Hats**, both a brimmed sun hat and an insulating hat for cool weather.
- ☐ **Gloves**, lightweight glove liners and a pair of wool/fleece gloves or mittens.
- ☐ **Socks**, specifically designed for hiking, that wick moisture
- ☐ **Hiking boots** that provide stability and traction. Make sure they are broken in, comfortable, and do not cause hot spots or blisters.
- ☐ **Off-duty shoes**, sandals, athletic shoes, or other leisure footwear.

Code of Ethics

The Yellowstone Forever Institute is committed to demonstrating a high standard of appropriate and ethical behavior in Yellowstone. As a participant in a Yellowstone Forever Institute program, we ask you to adhere to the following Code of Ethics. In addition to the ethics highlighted below, the Yellowstone Forever Institute abides by all National Park Service rules and regulations. We also practice Leave No Trace guidelines for traveling responsibly in the wilderness.

Observing wildlife: We will do our best to have as little impact on wildlife as possible. Animals will be observed from a distance, using high-powered spotting scopes to help keep our presence from affecting their behavior. Participants should not expect to get close-up photographs of wildlife. The Yellowstone Forever Institute will adhere to National Park Service regulations by keeping a minimum distance of 25 yards from bison, elk, bighorn sheep, deer, moose, coyotes and nesting birds and 100 yards from bears and wolves. We will not entice wildlife with food, animal calls or any actions that change their behavior.

Leave what you find: It is illegal to remove natural or cultural artifacts (plants, animals, bones, rocks, etc.) from Yellowstone. Yellowstone Forever Institute instructors have permission from the National Park Service to manipulate plants, rocks, bones, etc. for educational purposes and will return them to their natural positions and locations.

General etiquette: Yellowstone Forever Institute groups will be considerate of other visitors and respect the quality of their experience. Voices and vehicle sounds carry great distances and affect both wildlife and people—remaining silent or very quiet while watching wildlife lets the sounds of Yellowstone (including wolf howls) prevail.

Roads and vehicles: Expect wildlife on the road, and drive at or below the posted park speed limits. When stopping to observe wildlife or other park features, the Yellowstone Forever Institute will move vehicles entirely off the road. If there is no safe pullout available, we will drive to the next safe place and walk back to observe the wildlife. We will not stop in the middle of the road, and should a traffic jam develop as a result of our activities, we will cease the activity.

Properly dispose of waste: We will pack out all trash, leftover food, and litter. Your instructor will discuss techniques for properly disposing of human waste in the field.

Traveling lightly: When hiking or walking in Yellowstone, we will use existing trails and boardwalks. We will follow appropriate techniques when walking off-trail. Walking around muddy or wet places in the trail increases erosion and negatively affects the resource; proper equipment is essential to hiking ethically. Participants should come adequately prepared with the equipment listed for their program and should expect to walk through mud, snow or puddles in the trail.

Thank you for helping us set a good example in Yellowstone!
