

YELLOWSTONE FOREVER

YELLOWSTONE DAY HIKING

Itinerary & Details

SUMMER 2022

The **Yellowstone Day Hiking** tour is designed for those who want to explore Yellowstone on foot. For those wanting to have a more active adventure in Yellowstone, participants will explore Yellowstone's backcountry. On this tour, the Yellowstone Forever Field Educator will lead folks onto the trail and away from the crowds and noise. Participants will have the chance to experience Yellowstone's lesser visited viewpoints. Summers offer a great opportunity to experience Yellowstone's scenic trails while enjoying Yellowstone's vast array of both flora and fauna. Join one of our summer Field Educators to get the most out of your Yellowstone summer experience!

Yellowstone Forever Field Educators will provide transportation, meals, and equipment for the day, take you to scenic park trails, and enhance your experience with stories and science behind Yellowstone. The day will be spent hiking with a Field Educator who will incorporate wildlife, history, ecology, and geology along the way, in addition to discussing issues that affect the Yellowstone ecosystem.

COVID-19 HEALTH & SAFETY

Yellowstone Forever continues to adopt appropriate sanitization measures as prescribed by the [Centers for Disease Control and Prevention \(CDC\)](https://www.cdc.gov/). Guests are encouraged to refer to this respected resource when making near-term travel plans.

Yellowstone Forever is in frequent contact with local authorities and partners such as county health departments and the National Park Service to continually monitor the situation on a regional level. We are closely monitoring government policy changes, CDC guidelines, government mandates, and public health advancements, and will continue to make changes as necessary and appropriate to operations.

These protocols have been updated as of September 2021, please visit our website:

<https://www.yellowstone.org/covid-19-health-safety/> for up-to-date protocols and information.

COVID-19 guidelines for program participants:

- Program participants should stay home if they are feeling any COVID-19 symptoms.
- At the beginning of each program participants will be asked the following screening questions. If a participant answers "yes" to any of these questions they will not be permitted to attend a Yellowstone Forever course.
 - "Have you had a fever of over 100.4 °F or experienced shortness of breath or coughing in the last 10 days?"
 - "Have you been in contact with any individual known to have tested positive for COVID-19 within the last 14 days?"
- Each participant will have their temperature taken upon arrival of each program day. If a participant has a fever, they will not be permitted on the program.
- All participants, instructors, guest speakers, and program volunteers are required to wear masks indoors and in vehicles. Masks will not be required during hikes but will be recommended during outdoor stops where six feet of distance cannot be observed.
- Participants should bring their own mask(s).
- Participants will be asked to maintain social distancing practices during the program.
- Driver and passengers are not allowed to eat or drink on Yellowstone Forever vehicles.
 - Only the program instructors are permitted to serve lunch, snacks, and drinks to participants. No food or drink self-service will be available while on the program.
- Each vehicle will be disinfected before and after each trip.
- Spotting scopes and binoculars will be disinfected between programs.
 - Digiscoping (phone or tablet attached to a scope) will be available so that participants can view without touching the scope, if so desired.

GENERAL EQUIPMENT & CLOTHING LIST

Much of the program time will be spent outdoors, and participants should be prepared for a variety of mountain weather conditions and temperatures. Appropriate clothing, equipment, and footwear

are important. Summer temperatures can range from below freezing in the mornings to 85° Fahrenheit in the afternoons. The layered use of garments for protection against the wind, sun, and temperature extremes should guide clothing choices. ***The Field Educator will be carrying a first aid kit, bear spray, and emergency communication device.**

Equipment:

- **Mask**, facial masks will be required to wear in all vehicles and facilities, and outdoors where social distancing is not possible
- **Hand Sanitizer**
- **Daypack**, with enough capacity to carry extra clothes, water, lunch, camera, binoculars, etc.
- **Water bottle**, for our hiking programs, it is recommended to bring at least two liters of water with you for the day's activities
- **Sunglasses**
- **Sunscreen/Lip protector**, sun at high altitude can burn unprotected skin quickly
- **Optics**, camera and binoculars

Clothing:

- **Insulating underwear**, capilene, polypropylene, wool, or similar wicking fabric
- **Midweight insulating layer**, a light synthetic fleece or wool shirt/pullover
- **Heavyweight insulating layer**, wool, down, or heavy-weight fleece jacket
- **Waterproof and windproof outer layer**, lightweight and breathable, jackets and pants
- **Pants**, wool, fleece pants are preferred, no cotton
- **Hat**, both a brimmed sun hat and an insulating hat for cool weather
- **Gloves**, lightweight glove liners and a pair of wool/fleece gloves or mittens
- **Socks**, specifically designed for hiking, that wick moisture
- **Hiking boots that provide stability and traction** make sure they are broken in, comfortable, and do not cause hot spots or blisters

CODE OF ETHICS

Yellowstone Forever is committed to demonstrating a high standard of appropriate and ethical behavior in Yellowstone. As a participant on a Yellowstone Forever program, participants will adhere

to the following Code of Ethics. In addition to the ethics highlighted below, the Yellowstone Forever abides by all National Park Service rules and regulations, in addition to practicing Leave No Trace guidelines for traveling responsibly in the wilderness.

Observing wildlife: Groups will do their best to have as little impact on wildlife as possible. Animals will be observed from a distance, using high-powered spotting scopes to help keep the group presence from affecting their behavior. Participants should not expect to get close-up photographs of wildlife. Yellowstone Forever adheres to National Park Service regulations by keeping a minimum distance of 25 yards from bison, elk, bighorn sheep, deer, moose, coyotes, and nesting birds and 100 yards from bears and wolves. Wildlife will not be enticed with food, animal calls, or any actions that change their behavior.

Leave what you find: It is illegal to remove natural or cultural artifacts (plants, animals, bones, rocks, etc.) from Yellowstone. Yellowstone Forever educators have permission from the National Park Service to manipulate plants, rocks, bones, etc. for educational purposes and will return them to their natural positions and locations.

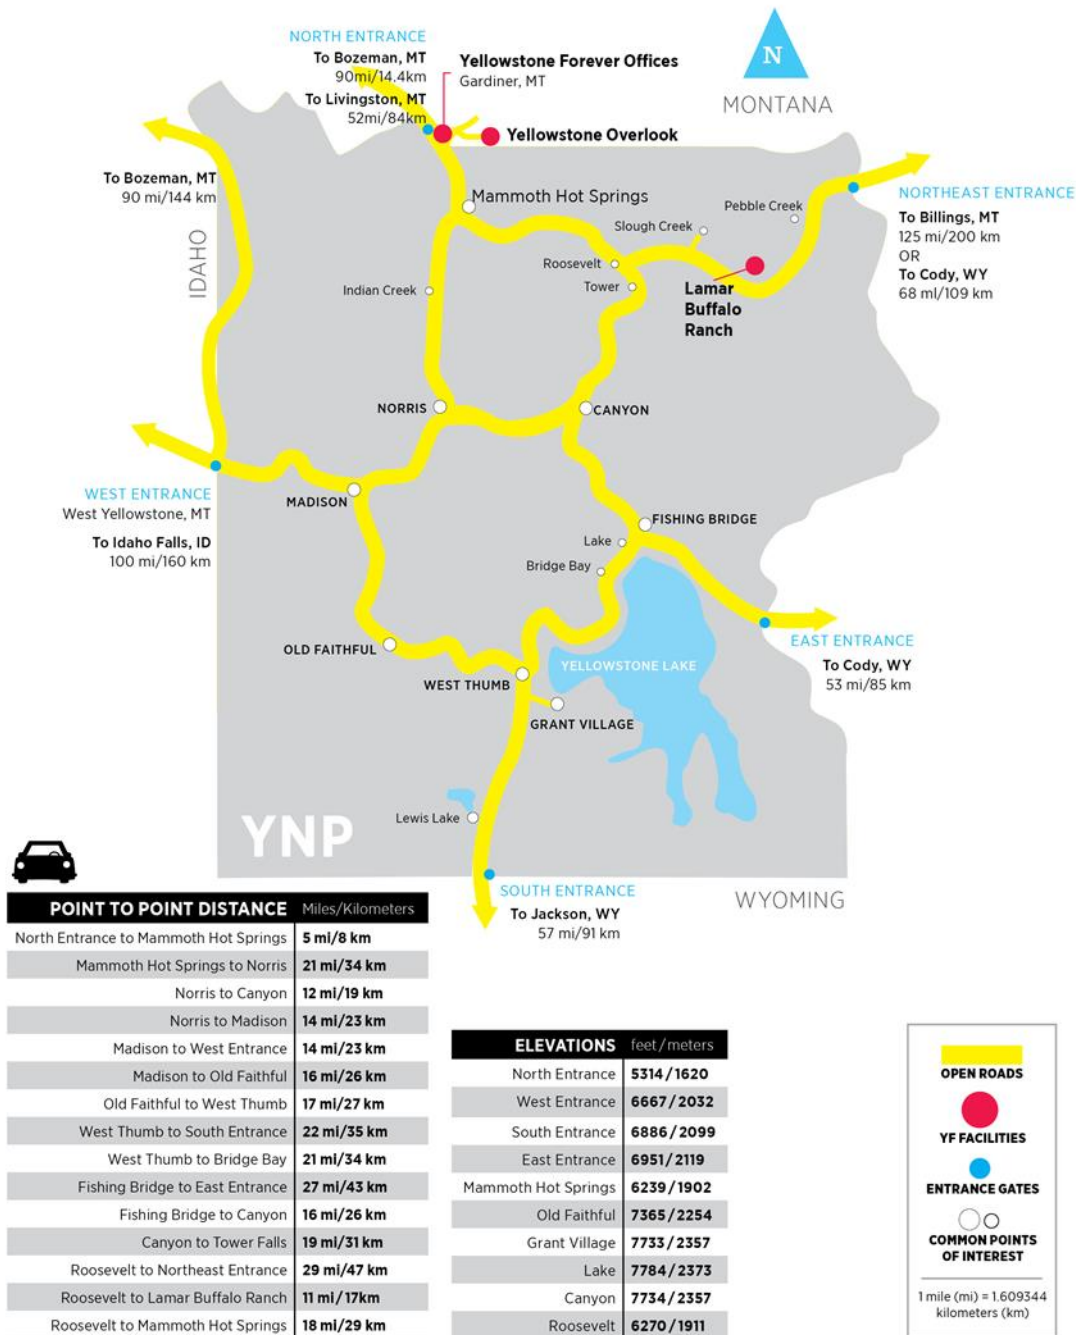

General etiquette: Yellowstone Forever groups will be considerate of other visitors and respect the quality of their experience. Voices and vehicle sounds carry great distances and affect both wildlife and people—remaining silent or very quiet while watching wildlife lets the sounds of Yellowstone (including wolf howls) prevail.

Roads and vehicles: Expect wildlife on the road and drive at or below the posted park speed limits. When stopping to observe wildlife or other park features, Yellowstone Forever field educators will move vehicles entirely off the road. If there is no safe pullout available, educators will drive to the next safe place and walk back to observe the wildlife. Yellowstone Forever will not stop in the middle of the road and should a traffic jam develop because of the group's activities, the activity will cease.

Properly dispose of waste: Participants will pack out all trash, leftover food, and litter. Field Educators will discuss techniques for properly disposing of human waste in the field.

Traveling lightly: When hiking or walking in Yellowstone, groups will use existing trails and boardwalks. Hikers will follow appropriate techniques when walking off-trail - walking around muddy or wet places in the trail increases erosion and negatively affects the resource; proper equipment is essential to hiking ethically. Participants should come adequately prepared with the equipment listed for the program and should expect to walk through mud, snow, or puddles in the trail.
