

YELLOWSTONE FOREVER

SKIING & SIGHTSEEING YELLOWSTONE

Itinerary & Details

Winter 2022/2023

The **Skiing & Sightseeing Yellowstone** tour is designed for cross-country skiers who want to explore Yellowstone in winter on skis. Winters in Yellowstone offer a unique experience - fewer crowds and epic scenery across snow-covered landscapes. This tour incorporates wildlife, history, ecology, and geology into skiing activities along the northern range, in addition to discussing issues that affect the Yellowstone ecosystem. A Yellowstone Forever Field Educator will guide you through the most scenic and awe-inspiring features in the park and share the stories behind the rare magic of Yellowstone.

Yellowstone Forever Field Educators will provide transportation, meal service, and optics for the day, and take you to the best northern range wildlife viewing areas. The morning will be spent wildlife watching, as winter is a prime time for some of Yellowstone's most charismatic megafauna like wolves. In the afternoon, you'll head out for a cross-country skiing trek, along one of the park's many northern ski trails.

WHAT'S INCLUDED?

- Delicious field breakfast and lunch catered by [Tumbleweed Bookstore & Cafe](#) in Gardiner, MT
- Hot beverage service
- In-park and local pick-up, transportation via a 14-passenger minibus and/or transit van
 - Pick-ups only available in Gardiner, MT (up to 10 miles out of town) and Mammoth Hot Springs
- Educational programming with a Yellowstone Forever Field Educator
- High powered scopes and binoculars
 - Digiscoping equipment available

Participants must bring their own skis - ski rentals are offered at [Park's Fly Shop](#) in Gardiner, MT or at the [Bear Den Ski Shop](#) inside the Mammoth Hot Springs Hotel.

Gratuities for the Yellowstone Forever field educators are not included in the program costs but are recommended and greatly appreciated.

PROGRAM ITINERARY

The itinerary is designed to take advantage of the best opportunities in the park, but may be adjusted to adapt to weather conditions, wildlife activity, holidays, and road construction.

The day begins early to catch morning wildlife activity. You'll begin with a short orientation, where the Field Educator will cover the plans for the day and answer any questions the participants may have.

- Morning** **Depart Gardiner or Mammoth Hot Springs for Lamar Valley and Northern Range**
Hot beverage service and box breakfast will be provided
Morning wildlife viewing
In-field tutorial on how to use the high-powered scopes and binoculars
- Midday** **Lunch**
Hot beverage service and lunch in the field will be provided
- Afternoon** **Explore Yellowstone's Ski Trails**
Experience the park by cross-country ski by getting out into the snow to look for tracks and other wildlife signs.
- Return to Gardiner and/or Mammoth Hot Springs**

ACTIVITY LEVEL

How fit do you need to be?

- This program can be accommodated to the group's desired activity level.
- Cross-country skiing is an aerobic activity – even more so at 6,000 to 8,000 feet – and participants should be comfortable on skis before their tour.
- To learn more about how specific medical conditions can be affected by Yellowstone's environment and our activities, please visit [our site page](#) on health information.

To participate in this program, each participant must fill out and sign a health questionnaire and assumption of risk waiver.

COVID-19 HEALTH & SAFETY

Yellowstone Forever's goal is to provide clear and concise information about what we are doing to protect our participants, guests, volunteers, and staff. We are closely monitoring the COVID-19 pandemic with information from the [Centers for Disease Control and Prevention](https://www.cdc.gov/) and in consultation with local authorities and partners such as county health departments and the National Park Service. The information provided on this website is not intended to be all-encompassing and should not be considered medical or legal advice.

These protocols have been updated as of May 2022, please visit our website:

<https://www.yellowstone.org/covid-19-health-safety/> for up-to-date protocols and information.

GENERAL EQUIPMENT & CLOTHING LIST

Much of the program time will be spent outdoors, and participants should be prepared for a variety of mountain weather conditions and temperatures. Appropriate clothing, equipment, and footwear are important. Winter temperatures can range from below freezing in the mornings to 40° Fahrenheit in the afternoons. The layered use of garments for protection against the wind, sun, and temperature extremes should guide clothing choices. ***The Field Educator will be carrying a first aid kit, bear spray, and emergency communication device.**

Equipment:

- **Cross-country skis**, not provided by Yellowstone Forever - ski rentals are offered at [Park's Fly Shop](#) in Gardiner, MT or at the [Bear Den Ski Shop](#) inside the Mammoth Hot Springs Hotel.
- **Hand Sanitizer**
- **Daypack**, with enough capacity to carry extra clothes, water, lunch, camera, binoculars, etc.
- **Water bottle**
- **Sunglasses**
- **Lip protector**, chapstick
- **Optics**, camera and binoculars

Clothing:

- **Insulating underwear**, capilene, polypropylene, wool, or similar wicking fabric
- **Midweight insulating layer**, a light synthetic fleece or wool shirt/pullover
- **Heavyweight insulating layer**, wool, down, or heavy-weight fleece jacket
- **Waterproof and windproof outer layer**, lightweight and breathable, jackets and pants
- **Pants**, wool, fleece pants are preferred, no cotton
- **Hat**, an insulating hat that covers ears
- **Gloves**, lightweight glove liners and a pair of wool/fleece gloves or mittens – waterproof/windproof outer layer is recommended
- **Socks**, lightweight liner with heavyweight synthetic or wool socks
- **Gaiters**, *knee-high to keep snow out of your boots*
- **Insulated boots** should have water repellent layers outside, thick insulation inside, and be large enough to fit over thick socks. Soles with proper traction or traction devices (i.e. Yaktrax) are essential for icy conditions.

CODE OF ETHICS

Yellowstone Forever is committed to demonstrating a high standard of appropriate and ethical behavior in Yellowstone. As a participant on a Yellowstone Forever program, participants will adhere to the following Code of Ethics. In addition to the ethics highlighted below, the Yellowstone Forever abides by all National Park Service rules and regulations, in addition to practicing Leave No Trace guidelines for traveling responsibly in the wilderness.

Observing wildlife: Groups will do their best to have as little impact on wildlife as possible. Animals will be observed from a distance, using high-powered spotting scopes to help keep the group presence from affecting their behavior. Participants should not expect to get close-up photographs of wildlife. Yellowstone Forever adheres to National Park Service regulations by keeping a minimum distance of 25 yards from bison, elk, bighorn sheep, deer, moose, coyotes, and nesting birds and 100 yards from bears and wolves. Wildlife will not be enticed with food, animal calls, or any actions that change their behavior.

Leave what you find: It is illegal to remove natural or cultural artifacts (plants, animals, bones, rocks, etc.) from Yellowstone. Yellowstone Forever educators have permission from the National Park Service to manipulate plants, rocks, bones, etc. for educational purposes and will return them to their natural positions and locations.

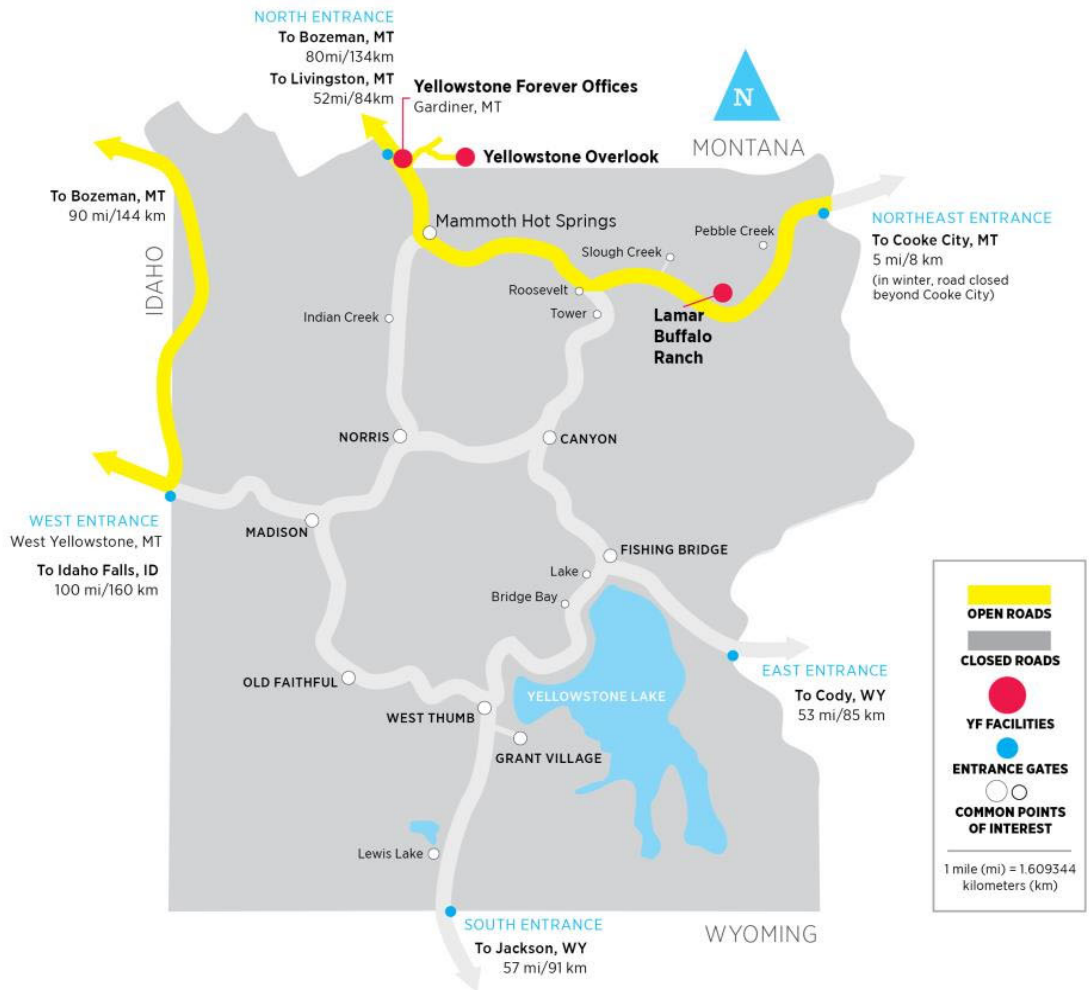

General etiquette: Yellowstone Forever groups will be considerate of other visitors and respect the quality of their experience. Voices and vehicle sounds carry great distances and affect both wildlife and people—remaining silent or very quiet while watching wildlife lets the sounds of Yellowstone (including wolf howls) prevail.

Roads and vehicles: Expect wildlife on the road, and drive at or below the posted park speed limits. When stopping to observe wildlife or other park features, Yellowstone Forever field educators will move vehicles entirely off the road. If there is no safe pullout available, educators will drive to the next safe place and walk back to observe the wildlife. Yellowstone Forever will not stop in the middle of the road and should a traffic jam develop because of the group's activities, the activity will cease.

Properly dispose of waste: Participants will pack out all trash, leftover food, and litter. Field Educators will discuss techniques for properly disposing of human waste in the field.

Traveling lightly: When hiking or walking in Yellowstone, groups will use existing trails and boardwalks. Hikers will follow appropriate techniques when walking off-trail - walking around muddy or wet places in the trail increases erosion and negatively affects the resource; proper equipment is essential to hiking ethically. Participants should come adequately prepared with the equipment listed for the program and should expect to walk through mud, snow, or puddles in the trail.

Yellowstone Winter Map **YELLOWSTONE FOREVER**

The only road open to wheeled vehicles in the winter (early November to mid-April) is the road from the North Entrance to the Northeast Entrance. Because Cooke Pass is closed to wheeled vehicles, it is not possible to enter or exit Yellowstone National Park through the Northeast Entrance. You must enter the park through Gardiner, Montana. Current road conditions are available through the **NPS Road Report at 307.344.2117**.
