

YELLOWSTONE FOREVER

YELLOWSTONE DAY ADVENTURES

Itinerary & Details

Summer 2023

The **Yellowstone Day Adventure** tour is perfect for those looking to get out for a day in the park. Yellowstone Day Adventures are designed for those who want to focus on viewing and learning about wildlife along Yellowstone's famous northern range and Lamar Valley. Explore Yellowstone's diverse array of wildlife including bears, elk, bison, wolves, bighorn sheep, moose, and pronghorn. Our high-powered optics will allow you to experience these animals as we observe them in their natural habitats. This tour offers the opportunity to learn about and appreciate the beauty of Yellowstone's wildlife and landscapes.

Yellowstone Forever Field Educators will provide transportation and equipment for the day, take you to northern range wildlife viewing areas, and enhance your experience with stories and science behind Yellowstone. The day will be spent wildlife watching and exploring thermal areas with a Field Educator who will incorporate wildlife, history, ecology, and geology along the northern range, in addition to discussing issues that affect the Yellowstone ecosystem.

WHAT'S INCLUDED?

- Hot beverage service
- Transportation via a 14-passenger minibus and/or transit van
 - Round trip from Yellowstone Forever Headquarters in Gardiner, MT
- Six hours of educational programming with a Yellowstone Forever Field Educator
 - 8:00 a.m. to 2:00 p.m.
- High powered scopes and binoculars

Gratuities for the Yellowstone Forever field educators are not included in the program costs but are recommended and greatly appreciated.

PROGRAM ITINERARY

The itinerary is designed to take advantage of the best opportunities in the park, but may be adjusted to adapt to weather conditions, wildlife activity, holidays, and road construction.

The day begins early to catch morning wildlife activity. You'll begin with a short orientation, where the Field Educator will cover the plans for the day and answer any questions the participants may have.

8:00 AM **Depart Gardiner for Northern Range & Lamar Valley**

Hot beverage service will be provided

Morning wildlife viewing

In-field tutorial on how to use the high-powered scopes and binoculars

11:00 AM **Lunch in the field**

Pack a lunch - location TBD

Afternoon Exploration of Mammoth Hot Springs

2:00 PM **Return to Gardiner (Yellowstone Forever Headquarters)**

ACTIVITY LEVEL

How fit do you need to be?

- Be prepared to hike up to 1 mile per day, comfortably, through relatively flat terrain on maintained trails.
- To learn more about how specific medical conditions can be affected by Yellowstone's environment and our activities, please visit our site page on health information.

To participate in this program, each participant must fill out and sign an assumption of risk waiver.

WHOM TO CONTACT

For any questions, concerns, or additional information please contact the following:

- Program questions, refunds, and bookings contact Yellowstone Forever at institute@yellowstone.org or 406-848-2400 extension 3
- Road updates, park conditions, and general park information contact Yellowstone National Park Service at <https://www.nps.gov/yell/contacts.htm>

CANCELLATION AND REFUND POLICY

The following policies apply to this program if you cancel:

- 60 days or more prior to the start of your package, 100% of your payment will be refunded.
- 30 days or more prior to the start of your package, 50% of your payment will be refunded.
- If you cancel with fewer than 30 days before the start of your program, your full payment will be forfeited.

Please email us at institute@yellowstone.org or call Yellowstone Forever at 406-848-2400 extension 3 to cancel.

We recommend the purchase of travel insurance to help protect you against financial loss if you must cancel or interrupt your trip due to unforeseen circumstances.

COVID-19 HEALTH & SAFETY

Yellowstone Forever's goal is to provide clear and concise information about what we are doing to protect our participants, guests, volunteers, and staff. We are closely monitoring the COVID-19 pandemic with information from the [Centers for Disease Control and Prevention](https://www.cdc.gov/) and in consultation with local authorities and partners such as county health departments and the National Park Service. The information provided on this website is not intended to be all-encompassing and should not be considered medical or legal advice.

These protocols have been updated as of November 2022, please visit our website: <https://www.yellowstone.org/covid-19-health-safety/> for up-to-date protocols and information.

GENERAL EQUIPMENT & CLOTHING LIST

Much of the program time will be spent outdoors, and participants should be prepared for a variety of mountain weather conditions and temperatures. Appropriate clothing, equipment, and footwear are important. Summer temperatures can range from below freezing in the mornings to 85° Fahrenheit in the afternoons. The layered use of garments for protection against the wind, sun, and temperature extremes should guide clothing choices. ***The Field Educator will be carrying a first aid kit, bear spray, and emergency communication device.**

Equipment:

- **Hand Sanitizer**
- **Daypack**, with enough capacity to carry extra clothes, water, lunch, camera, binoculars, etc.
- **Water bottle**
- **Sunglasses**
- **Sunscreen/Lip protector**, sun at high altitude can burn unprotected skin quickly
- **Optics**, camera and binoculars

Clothing:

- **Insulating underwear**, capilene, polypropylene, wool, or similar wicking fabric
- **Midweight insulating layer**, a light synthetic fleece or wool shirt/pullover
- **Heavyweight insulating layer**, wool, down, or heavy-weight fleece jacket
- **Waterproof and windproof outer layer**, lightweight and breathable, jackets and pants
- **Pants**, wool, fleece pants are preferred, no cotton
- **Hat**, both a brimmed sun hat and an insulating hat for cool weather
- **Gloves**, lightweight glove liners and a pair of wool/fleece gloves or mittens
- **Socks**, specifically designed for hiking, that wick moisture
- **Hiking boots that provide stability and traction** make sure they are broken in, comfortable, and do not cause hot spots or blisters

CODE OF ETHICS

Yellowstone Forever is committed to demonstrating a high standard of appropriate and ethical behavior in Yellowstone. As a participant on a Yellowstone Forever program, participants will adhere to the following Code of Ethics. In addition to the ethics highlighted below, the Yellowstone Forever abides by all National Park Service rules and regulations, in addition to practicing Leave No Trace guidelines for traveling responsibly in the wilderness.

Observing wildlife: Groups will do their best to have as little impact on wildlife as possible. Animals will be observed from a distance, using high-powered spotting scopes to help keep the group presence from affecting their behavior. Participants should not expect to get close-up photographs of wildlife. Yellowstone Forever adheres to National Park Service regulations by keeping a minimum distance of 25 yards from bison, elk, bighorn sheep, deer, moose, coyotes, and nesting birds and 100 yards from bears and wolves. Wildlife will not be enticed with food, animal calls, or any actions that change their behavior.

Leave what you find: It is illegal to remove natural or cultural artifacts (plants, animals, bones, rocks, etc.) from Yellowstone. Yellowstone Forever educators have permission from the National Park Service to manipulate plants, rocks, bones, etc. for educational purposes and will return them to their natural positions and locations.

General etiquette: Yellowstone Forever groups will be considerate of other visitors and respect the quality of their experience. Voices and vehicle sounds carry great distances and affect both wildlife and people—remaining silent or very quiet while watching wildlife lets the sounds of Yellowstone (including wolf howls) prevail.

Roads and vehicles: Expect wildlife on the road and drive at or below the posted park speed limits. When stopping to observe wildlife or other park features, Yellowstone Forever field educators will move vehicles entirely off the road. If there is no safe pullout available, educators will drive to the next safe place and walk back to observe the wildlife. Yellowstone Forever will not stop in the middle of the road and should a traffic jam develop because of the group's activities, the activity will cease.

Properly dispose of waste: Participants will pack out all trash, leftover food, and litter. Field Educators will discuss techniques for properly disposing of human waste in the field.

Traveling lightly: When hiking or walking in Yellowstone, groups will use existing trails and boardwalks. Hikers will follow appropriate techniques when walking off-trail - walking around muddy or wet places in the trail increases erosion and negatively affects the resource; proper equipment is essential to hiking ethically. Participants should come adequately prepared with the equipment listed for the program and should expect to walk through mud, snow, or puddles in the trail.

Yellowstone Map **YELLOWSTONE FOREVER**

POINT TO POINT DISTANCE	Miles/Kilometers
North Entrance to Mammoth Hot Springs	5 mi/8 km
Mammoth Hot Springs to Norris	21 mi/34 km
Norris to Canyon	12 mi/19 km
